A discussion was made to do we want to have a three or four local meet season the pros and cons was discussed on both. A four local meet schedule was agreed on. It was understood that clubs still only need to attend 2 locals for their qualifying scores. Therefore it is expected that the meets will be smaller and faster, since not every club will attend every meet. The provision is made with the additional two meets for extra experience, or reattempts to obtain qualifying scores.

Lorna Spellman advised us that the State fee of \$50.00 for Region 3 has not been paid as she was unsure of where to send the check. The question came up as to what is the Region 3 money is being used for? Can this money be used to help athletes with international travel as is done in other regions? Texas did have athletes compete internationally this past season. The next question was does Region 3 have a set of bylaws available? These questions need to be asked at the Region 3 meeting?
